

Overview

Narrative designer with experience in animation. I'm most excited in games by chances to collaborate with non-narrative disciplines and to use my visual art background.

Skills

- Comfortable working in a team towards larger creative goals; experienced both with making creative decisions for a team and taking direction
- Passionate about narrative, interested in cross-disciplinary collaboration
- Familiar with current and historical science fiction/fantasy trends in prose and games
- Experienced at emulating established styles in prose and visual art
- Experienced in leading and training teams of junior workers and interns
- Familiar with cinematographic techniques and the 2D animation pipeline
- Fluent in English, Hebrew, and French
- Proficient in Adobe visual arts programs, Microsoft Office, and Autodesk and Atlassian project management software
